DEADLINE

St/I Notice No. 60-38

24 October 1960

MEMORANDUM FOR: Chief E, Chief G, St/FM, TC

FROM : Chief, St/I/R

SUBJECT : Evaluation of Economic and Geographic Reporting  
from Sofia Legation

1. ORR, together with other Washington agencies concerned, has been invited by State/ICD to comment on economic and geographic reporting prepared during the period 1 April 1960 to date by the Legation in Sofia. The resulting composite evaluation will be of considerable importance in indicating to Sofia the lines of reporting which the community desires during the ensuing year.

2. It is suggested that the following considerations be kept in mind:

- a. Usefulness of the economic items in the Joint Weeks;
- b. Effectiveness of current (spot) reporting;
- c. Adequacy and value of basic reporting;
- d. Intelligence or information gaps, not in published requirement series, on which the mission may be able to respond;
- e. Duplication of reporting from other sources;
- f. Types of reports which can be eliminated;
- g. Especially helpful reports, by number and/or subject.

3. References to specific despatches will in most cases be more helpful than generalized statements. St/I/R has retained most of the appraisals prepared since the opening of the Legation on 14 March 1960, in readily accessible files, which may be consulted.
